

*plasys* 300 

# plasys300

*Pinus and pollen*

- **plasys300®** is a natural **pollen** and **pinebark** extract from Spain.
- **plasys300®** supports men's health and quality of life by improving prostate enlargement urinary symptoms and benign prostate hyperplasia (BPH).
- The unique blend contains the compound **phytosterols** (mainly  $\beta$ -Sitosterol), which has anti-inflammatory properties to inhibit prostaglandins production and prevent prostate enlargement.
- **Phytosterols** and amino acids help reduce symptoms associated with BPH such as nocturia, urinary frequency and feelings of incomplete urination.

## Scientific Evidence

Studies have been conducted on  $\beta$ -Sitosterol treatment for BPH symptoms. Results showed significant improvement in BPH discomfort symptoms when compared to the placebo group.

## Indications, Claims and Dose

- **Dose:** 300mg extract per day.
- For use in tablets, two-piece hard capsules and soft-gel capsules.
- Help improve symptoms related to medically diagnosed Benign Prostate Hypertrophy.
- Help improve nocturia, urinary frequency and incomplete urination feeling.
